

## Justice

For citizens across India & different countries one unanswered question is point of detailed discussion. CM West Bengal is known for deep political experience, she is also known for being CM who promised for death penalty to criminal who are involved in rape of women then why person arrested is not punished with death penalty in West Bengal – Kolkata Rape Murder Case ? Senior news editor from ABP news confirmed that CM West Bengal clearly wanted to issue order of death penalty for the criminal of rape & murder case but person arrested is possibly not the criminal who was actually involved in rape & murder of women doctor in West Bengal – just to clear this case some senior government officials from West Bengal Government were directed to do such things. Main person who is rapist is not arrested yet, he actually offered heavy bribe & also relative of senior minister who threatened government officials in West Bengal for not taking action, also created trouble for senior police officials West Bengal, some very senior respectful police officials were suspended then rejoined their position under the political pressure. Senior news media professional from ABP News said such activities of government is insult of entire West Bengal & Medical Professional community across India & shameful for even judicial community because statement made by judge sounds childish & his inability to issue death sentence but issuing life time imprisonment clearly shows that even judiciary is under serious pressure of senior West Bengal government officials. Senior news media professional from ABP News also said CM West Bengal is rethinking about this entire case because she do not support rape of women in West Bengal. In peak stage of her political career CM West Bengal is clear about her duties for common citizens & women of West Bengal. CM West Bengal will surely take action to re-open the file of West Bengal Rape & Murder Case & also see people involved in brutally killing women Doctor must get punished. Senior official from Kolkata Police said the person who actually did this crime made some mistakes which clearly pushed his identity, criminal act to some people who are aware of entire case & now senior officials of medical college are also aware of his name, identity but there is deep silence in the corridors. Citizens of Kolkata West Bengal feeling insulted in front of entire country & different countries, Women of Kolkata West Bengal & Medical Professional community across India feeling insulted because of such decision of Judiciary, Kolkata Police, Government officials, Medical colleges & Judiciary of Kolkata feeling insulted because they were also directed to do such things, name of criminal is already known to many senior government officers, political leaders in West Bengal & now everyone is looking CM West Bengal for her actions in this case & how she will do justice because person arrested is possibly not criminal & criminal is not person arrested. Recently CBI Court Judge Alka Malik is getting great respect for being honest, lawful with her work & decisions for social good. Good if CM West Bengal will see who is criminal, issue punishment, strict action of West Bengal government will push the concept of discipline in society, justice to women doctor who is dead & her family members who are still alive waiting for justice. This is an alarm to all the State Government & Chief Ministers in India to think & act seriously, issuing only guidelines to police officials is not sufficient, suspending police officials of any rank without reason is not lawful because if Judiciary is paralysed, police officials IPS & Secretary IAS of any rank must not be blamed. Judiciary & political leaders of every state must take responsibility of bribery, rape, murder in their cities, states. Giving more powers & safety to Judiciary is essential, death sentence will reduce such crimes – Supreme Court & High Court Judiciary need to rethink if they really exist & if they exist what is the purpose of their existence if they are deaf, blind, paralysed. Many criminals escape, move out of jail on parole easily – Some SC HC Judges, Advocates, Central & State Government officials discussing to take action on such issues.
